DETAILED ACTION

This Office Action is in response to applicant's amendment filed on 11/14/2005.

Claims 1-24 are pending in the Action.

Information Disclosure Statement

The IDS statement filed on 07/30/2002 has been considered.

Drawings

The drawings filed on 07/19/2005 are acceptable for consideration.

Specification

The disclosure is objected to because of the following informalities:

It is unclear for the expressions in paragraphs: [0044], [0046], [0050]-[0052], [0067], [0073], [0081]. For example, on pages 9-11 of the present application, mathematical expressions cited in paragraph [0046] is unclear for what it stands for.

Similarly, the expression in paragraph [0050] on page 10 is unclear for what it stands for.

The expression in paragraph [0052] represents for a cost differentiation. However, applicant expressed it as an integral for a cost evaluation over a period. It is unclear for different explanations.

Similarly, the present specification is objected to due to unclear expressions in paragraphs [0044], [0067], [0071], [0081]. They include a plurality of symbols,

expressions, notations, scripts, etc. Applicants do not show or explain what is the meaning of each expression, each symbol, notation, and script in those mathematical/script expressions.

Appropriate correction is required. Applicant is remind the text of any added subject matter must be shown by underlining the added text. The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters. The text of any deleted subject matter must be shown by being placed within double brackets if strike-through cannot be easily perceived. An accompanying clean version (without markings) and a statement that the substitute specification contains no new matter must also be supplied. Numbering the paragraphs of the specification of record is not considered a change that must be shown.

Response to Arguments

Applicant's arguments to the objection to the specification, filed 11/14/2005, have been fully considered but they are not persuasive.
